Director, Community Counterintelligence and
Security Countermeasures StaffSUBJECT : Request for Contribution on INS Support to Counterintelligence
for the 1987 National Assessment of the Hostile Intelligence
Threat and US Countermeasures [redacted]

1. We have recently issued the terms of reference for the annual assessment cited above, which was mandated by the President in National Security Decision Directive No. 2 dated 12 January 1982. Contributors to the assessment who receive the full terms of reference and, subsequently, copies of the classified and sensitive finished assessment are generally members of the Intelligence Community. There are some areas covered in the assessment, however, for which contributions from agencies not primarily involved in intelligence matters would be particularly useful. Support by INS to the counterintelligence community is one such area. [redacted]

2. It would be most helpful if you could address this subject as follows:

- o Status, adequacy, and shortfalls of the computerization of entry and exit data on short- and long-term visitors to the United States from criteria countries;
- o Recommendations for improvements.

The deadline for receipt of contributions to the assessment has been set for no later than 1 June 1987. We would appreciate receiving notice of your intent to contribute by 13 February 1987 and your contribution prior to the deadline if possible. Early contributions can be updated in the process of drafting the assessment. [redacted]
